Quality of schools	41% (148)
Recreational facilities and programs	26% (93)
Other:	7% (24)

Q4 If the City could change one thing to improve the quality of life in Citrus Heights the most, what would it be?

(287 responses)

Improve roads
bring on my police officers and enforce the current laws.
Push out the homeless, enforce panhandling laws, tear out encampments. Use more resources to make the city look new/fresh
minimize the increases in the cost of all utilities and housing
More parks and fix up the parks we have. There aren’t a lot of open green spaces for kids to run around in or families to picnic in.
Safety and security in shopping areas,.
Attract more business while also doing everything to retain existing businesses. Focus more on small businesses and less on national brands.
It just looks super trashy and when I tell people I live here, they say “OH” like they feel sorry for me.
More restaurants that offer dining outside that is pleasant and not near a busy street.
A beautiful and assessable space for public events

Q5 Any other comments or suggestions about improving the future quality of life in Citrus Heights?

(164 responses)

Take a different approach to homeless, make them feel uncomfortable hanging out in CH
keep up with street repair
Make it more kid friendly. It’s hard for families with small children to stay in the city to do something fun. It’s also hard for adolescent children to navigate the city safely on their bikes or by walking.
Clean up
Complete the Sunrise Mall plan to enhance that area of the City.
Repave streets
Please consider the sunrise tomorrow plan. I think it could make Citrus Heights a destination and not just a town to go through to other places.
Maintain the landscaping of empty businesses/buildings. It is unsightly to see a bunch of dead grass, trees dying and weeds overgrown when driving around or shopping in town.
I am not sure why there is a Monday with the Mayor, the Mayor is very rude and biased as to what citizens she represents and speaks to and who she ignores and snubs.
Don't ever elect lefties to the city council, or we are doomed.
